SKIN PREPARATION FOR EXTERNAL USE

(AB) Abstract:

To provide a highly safe skin preparation for external use, effective for the prevention and symptom improvement of skin pigmentation, especially stains and freckles.

This skin preparation for external use contains the hydrolysate of a rice bran extract and one or more kinds of agents selected from kojic acid and its derivatives, arbutin, ascorbic acid and its derivatives, ellagic acid, resorcinol derivatives, a placenta extract, a white mulberry root bark extract and a Saxifraga stolonifera extract.
